1. The essential terms of a standard solar lease grant the solar company the right to install solar panels, cables, roads, and other facilities on the property and the right to operate such facilities for a period of 20 years or more. In exchange the landowner is paid an annual fee based on the number of acres used on the property.
2. Compensation depends on number of acres on the property used.
3. Unless noted otherwise, all agreements are in place as of the date of this table.
